LEAVE NO TRACE MASTER EDUCATOR

This internationally-recognized course is the top tier of Leave No Trace training and provides participants with an in-depth look at the skills and ethics of Leave No Trace. In addition to practical applications of Leave No Trace in the field, participants will also learn about various teaching styles and effective communication techniques. Graduates are qualified to teach Leave no Trace Trainer Courses, Awareness Courses, and teach at other venues.

Course Options

Trek Option: Needs a minimum of 6 participants to run. Participants will join the non-trek course for 2 days and then spend 4 days and 3 nights paddling up a local river for the field experience portion of their training.

Non-Trek Option: Need a minimum of 6 participants. Participants will be combined with the Trek course for 2 days and then camp in a primitive area for their 4 day, 3 night field experience. This option does not require hiking.

Both options **MUST** fill if each one is to run. The default is non-trek if not enough people sign up for the trek option.
